PAGANI WINS SUIT OVER WINE CONTEST

Court Finds That Perelli-Minetti Got Got All That Was Coming To Him.

Judgment for Pagani Bros., Kenwood winemakers and buyers, was given last week by Judge Emmet Seawell in the superior court. The wine men were defendants in a suit brought against them for $1026.58 by J. Perrelli-Minetti as administrator of the estate of his brother, Fred Perelli-Minetti, involved as commission in the sale of 90,000 gallons of wine to Mooser and Co. of San Francisco.

According to the evidence, Perelli-Minetti at one time held a contract with Mooser and Co., in which they agreed to pay him 2 1-2 cents a gallon for all wine purchased on their account. This had been subsequently superseded by another agreement, according to the testimony.

Perelli-Minetti, the administrator sued on the theory that there was an implied contract with Pagani Bros. for the commission of 2 1-2 cents per gallon. Judge Seawell held that Mooser and Co. had paid Perelli-Minetti whatever commission he had in the transaction under their new working plan and dismissed the suit against Pagani Bros.

The Paganis recently added to their holdings by buying the fine property known as the Wildwood Dairy at Kenwood. They will set out much of this to new vineyard.

In respect to deceased the proprietor of the grill closed his place of business and has been sojourning at Sonoma Grove.

NIVETS TO RETURN TO THEIR OLD HOME IN TRINIDAD

Mr. and Mrs. Charles Nivet who have been making their home in Sonoma Valley for the past three years are to return to their home in the island of Trinidad, British West Indies, after many years travel in various parts of the world. It was after sojourning in many different climes that Mr. and Mrs. Nivet came to sunny California and after living in all parts of the state including southern California, came to the Valley of the Moon, here to find the health which Mr. Nivet sought to regain and the charming rural life which they have greatly enjoyed at their pretty place at El Verano where they surrounded themselves with many things of interest including a nice garden and several pens of high bred poultry which has been their hobby and pastime.

During their residence here they have won a warm place in the affection of many friends who will learn with regret of their decision to return to their far off home again and renew family ties which are very dear to them. The younger generations which they left when they sailed away has grown to young man and womanhood, and only recently a niece of Mrs. Nivet, Miss Eugene Blanc attained her eighteenth birthday and made her debut at a ball given in honor of the Prince of Wales who was visiting the Empire's insular possessions. The debutante, now a beautiful young woman, was a mere child when Mr. and Mrs. Nivet last saw her.

The journey to Trinidad will consume about three weeks time and enroute to New York where they embark they will stop off at Chicago to visit relatives there.

Sonoma friends of Mr. Nivet, the courteous French gentleman and his vivacious cultured wife will wish them bon voyage and hope that some day they may return to Sonoma Valley, though if by chance they do not come this way again the community has indeed been enriched by their sojourn among us and memories of pleasant hours in their company will ever linger with those who had the pleasure of their acquaintance while here.

Mr. and Mrs. Clark Gaines formerly of Eldridge and their pretty baby are now living at Golt city.

A Willys-Knight car burned up on the Napa road near the Hyde ranch yesterday. The two Napa lady occupants escaped unhurt. Geo. Cassidy witnessed the accident and took them home.

Mr. Sebastiani intends to plant the new tract out and highly improve it as is his custom. He has a splendid system of irrigation and has transfered what was formerly a bare pasture field into one of the most productive and beautiful sections of Sonoma.

The new bungalows recently erected by Contractor R. E. Murphy for Sebastiani are about completed and have all been rented.

Mr. and Mrs. Geo. Leiser will occupy one, Mrs. Susie Bachelor another and the Cook family, the third.

AUTO BUS MAN OPPOSES COMPETITION

Dunham Appears at Hearing On New Bus Line Permit From Vallejo To Healdsburg.

The hearing held by the Railroad Commission at Santa Rosa Monday and Tuesday on the proposed new auto bus service for which a franchise is asked by the West Motor Transport Company was largely attended by Sonoma people. Many witnesses went up from here to testify as to the adequacy of the service being furnished by A. C. Dunham's auto bus line in this territory. Among those present at the hearing were Joe Ryan, Julius Fochetti Jr, W. L. Murphy, James Campbell, James Baines, C. J. Poppe, Fred Stuermer, Leopold Justi and others.

The new bus line which is opposed by Dunham, the Northwestern, Southern Pacific, San Francisco and Napa Valley Electric Companies and others would establish a new passage service between Oakland, Sacramento Napa, Healdsburg and Eureka.

The opposition contends that all territory is now amply served, and that by transfer the lines of the new company can be connected with. The city councils of Sonoma and Santa Rosa have gone on record against the new competition. The Healdsburg Chamber of Commerce favors it.

Myron Westover, examiner for the State Railroad Commission conducted the hearing and a great array of evidence pro and con was massed for future perusal and decision by the Commission as to the merits of the demand of the new company to serve this field.

NATIVE DAUGHTERS INITIATE THREE AND BANQUET AT THE EL DORADO HOTEL

Sonoma Parlor of Native Daughters of the Golden West initiated three new members last Monday evening and in honor of the incoming young matrons gave a fine banquet at the El Dorado hotel.

The new members of the Parlor are Mrs. W. C. Wilson, Mrs. F. C. Wilson and Mrs. A. Beretta.

The two Wilsons are talented musicians, Mrs. W. C. Wilson being a talented vocalist. Mrs. Beretta is the wife of city trustee, Angelo Beretta.

After the iniation ceremonies at the Parlor headquarters in Odd Fellows hall, the Native Daughters including the guests of honor went to the El Dorado hotel where a fine turkey banquet had been prepared by Mrs. L. Quartaroli.

The feast was greatly enjoyed and several hours of social merriment followed the serving of the excellent menu.

TURKEYS MADE $75 FOR THE FIRE ENGINE FUND

The fire engine fund was benefited to the amount of $75 through the turkey exchange which took place at Harrison and Stuermer's pool palace last Saturday night and Sunday. The turkeys had to be purchased by the committee at the market price of 50c per pound, otherwise the net proceeds would have been greater. Many fine birds changed hands.

Among the donors this week to the new fire engine which is expected to arrive in time for Christmas were Fred Balotti $15 and Mrs. Fred Bulotti, $5.

The original Sonoma Volunteer Fire Department which in the past rendered heroic service to the town in several serious conflagrations is considering donating a balance of $177 in the treasurary of the defunct company toward the purchase of the new fire fighting equipment.

LADIES AID BAZAAR GRAND SUCCESS

Womans Clubhouse Crowded With Patrons of Splendid Entertainment and Benefit Sale.

The Ladies Aid Society of the Congregational Church had a highly successful bazaar and entertainment last Friday night which netted them over $200.

The program consisted of an appropriate address on Pilgrim days by J. F. Prestwood, musical numbers by Emilie Poppe, the talented pianist and Mrs. Ada Savacool, vocalist, who contributed delightful instrumental and song selections after which the play, "In the Good Old Days" was offered.

The stage setting for the Quaker piece was delightfully realistic, many historic and beautiful old relics having been collected for the scene. Mrs. Perle Erazmus loaned some treasured heirlooms, among them her old spinning wheel and some mahogany furniture, while other antiques were loaned by Mrs. Hannah Appleton.

The play was produced under the direction of Mrs. Burlingame and the principal parts were taken by clever children.

Those in the cast of "In the Good Old Days" were Jennie Downey as Abgail Brewster; Cecil Hunter, Uncle Ezra Brewster; Vesta Prestwoo, Priscilla Brewster, Allen Bean, Peregrine Brewster; Robley Harbort, Neighbor Durham, a typical Quaker; W. L. McAllister, Father Time; Owen Nieman, the Hour Glass. The costumes and acting made pronounced hits.

There was a fancy work booth, flower stand and homemade candy table, all of which were liberally patronized. The bazaar was one of the most successful given in recent years.

SOB SISTER AID VS. SOLID CITIZENSHIP

WHILE TAXPAYERS patiently bear their load in California and pray that the next Legislature will shut down on some of the many appropriations which would saddle more burdens upon them, the zealots of a score or more measures are marking time and preparing their lobbies for the next session to stampede our assemblymen and senators into giving state aid to their pet hobbies.

Our state controller, John S. Chambers airs his views in regard to the protection of the taxpayers and points out among other things that we will have to draw the line on some social experiments such as the new Industrial Farm for Delinquent Women if we ever expect to get anywhere in the matter of economy. It would be interesting if we could as a state go on indefinately into the great field of experimental uplift and had millions to expend in that direction without thought to the carrying on of fundamentals but already we have taken too many fliers into realms idealistic until our feet as a state are not as firmly planted as they might be, and our once solid financial foundation is being jeopardized by an alarmed peoplewho refuse to take the initiative in many important business matters because of the extremes to which we are committed.

It is hard to free ourselves from any of the tentacles which now have the state in their grasp, for the political tentacle is slow to let go and hard to tear loose. Our only hope is to let our legislators know in no uncertain terms that California should not encourage any new Cephalolopoda and better yet should lop off some we now support.

The state controller is citing the new state creation for reforming delinquent women makes bold to affirm that he has little faith in the costly experiment, with many obvious necessities of proven constructive value cry-for state aid.

Then too work in which the state is already engaged such as caring for mentally defective as the feebleminded seems no where near adequate and we are told that there are actually 1000 feeble minded on the waiting list and that there is no room for them at Eldridge. If California is going to provide indiscriminately for all the unfortunates of the various grades, mental and moral, it would seem that our state would be taken advantage of if it is not already and bec ame the promiscuous dumping ground of the unfit, for whom we will be expected to care. In connection with this our reputation for being "easy" will make our legislature the prey of a continual drove of reformers and those who would create jobs for themselves.

It is high time to draw the line at "sob sister" appeals and find out out just what proportion of humanitarian work California can conscientiously assume. The state owes some thought to its normal solid citizenship and its best interests.

SANTA ROSA IS RIGHT

WE ARE A PATIENT, long-suffering people. Almost anything "goes" with us so long as we have our peerless climate, our scenic grandeurs to show visiting cousins, and a good living. Sonoma county is behind the times. We became surfeited with nature's bounteous gifts a generation ago and since then have been sluggish.

The revitalizing of the chamber of commerce and the spirit shown in that process has been a tremendous step, and many things present themselves for attention, both in and out of the chamber of commerce. Without doubt one of the most important is definite action toward the construction of the Sonoma-Santa Rosa highway. This is a matter which, as well as other organizations and individual citizens, the chamber of commerce should take up directly with the state highway commission. We must let the commission know that we want action, and then if we don't get action someone will be held to answer.

Sonoma county was one of the first to respond to the highway commission's appeal for funds with which to carry out the state highway program. This county purchased $225,000 worth of bonds, under an agreement whereby in return for advancing the money the highways directly affecting this district would be among the first to be taken care of. After several years the agreement was carried out, but meanwhile Sonoma county had suffered hundreds of thousands of dollars worth of damage.

The people have again cleared the way for construction by voting higher interest rates on the state bonds previously voted. The highway commission now has available sufficient funds to resume active work. Let us see some evidence of that body's fair intentions toward us. At the present time a great, productive section of Sonoma county is suffering irreparable loss through the deplorable condition of the Sonoma-Santa Rosa road. There is no need to put up with it longer. We must have action.—Press Democrat

STATE FARM FOR DELINQUENTS AT BUENA VISTA CRITICIZED

In a lengthy statement on the burden of debt upon California taxpayers and in his recommendations as to possible means of reducing the burden, State Controller John S. Chambers takes a fling at the new industrial farm for delinquent women, a site for which was recently purchased in Sonoma Valley at Buena Vista. Chambers believes it a costly and doubtful experiment.

Mr. Chambers says:

First. That one way to reduce the burden of debt and taxation is to "begin to go without a lot of things that we think we must have".

Second. That in our complicated State Government organization "there is duplication and preventable waste", but "rascality is seldom alleged or suspected."

Third. That duplication and waste "can be eliminated by a thorough reorganization of the State services," but that this is not likely to be brought about until the people act directly because of the opposition of jobholders and politicians.

As proving the first assertion, that one way to reduce taxation is to begin going without a lot of things we think we must have, one illustration will suffice, although of course, many could be given. The Legislature of 1919 among its numerous appropriations included one in the sum of $150,000 for the purchase of a site for the establishment of an industrial farm for delinquent women. This was approved by the Governor, and a site purchased. And now the Board of Managers of the new institution has presented to the State Budget Board an estimate of the home's needs for the coming biennium in the sum of $525,600.

Assuming, for argument's sake, that a farm for delinquent women would be desirable, if the finances of the State warranted (and, speaking frankly, I have little hope in the good to be accomplished by this project), it certainly is not justified at this time in view of the tremendous increase in the demands upon the State Treasury. This is one of the things that we could "go without", under the circumstances.

California has gone a very long way in the matter of humanitarian legislation, and should be proud of her record. But as so frequently happens where any one policy is pursued with fervor, fads and fancies and frills creep in. The time has come when a thorough survey of the State's humanitarian enterprises should be made for the purpose of consolidation and, if wise, elimination.

Money expended within reasonable limitations upon our prisons and hospitals for the insane may not be considered an investment, but if necessary protective, reformatory and humanitarian work. Money invested along other lines, say for the delinquent women's farm, since we have already discussed that project, is, I fear, money more or less wasted, though willingly granting the honesty and humanity of the purpose behind it. There are certain distinctions that must be made when it comes to the matter of financing the State government.

Griddle Cakes and Waffles
From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or wheats, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes. The secret, of course, is Royal Baking Powder.

Griddle Cakes
1¼ cups flour
½ teaspoon salt
3 teaspoons Royal Baking Powder
2 eggs
1½ cups milk
1 tablespoon shortening
Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Waffles
2 cups flour
4 teaspoons Royal Baking Powder
¾ teaspoon salt
1¾ cups milk
3 eggs
1 tablespoon melted shortening
Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well-greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1½ minutes to bake each waffle.

HIPPODROME OPENING WAS BIG SUCCESS

Many Sonoma people went over to Napa for the opening of the Hippodrome but quite a number were disappointed as they could not gain admittance to the crowded theatre where even standing room was all taken. Two shows were given Tuesday night and then the crowd did not all get in.

The opening of Napa's new play house was a tremendous success.

Among those who went from here were Henry Weber Jr., and party, Mr. and Mrs. A. Maffei, Mr. and Mrs. R. L. Watt and Meryl Bish and party.

HARBUTTS WILL LEAVE MONDAY FOR THE NORTH

The Rev. and Mrs. R. G. Harbutt will leave Monday for their new home in Stevenson, Wash., on the Columbia river opposite the Cascade Rocks on the Columbia river highway, where he has been in charge of a Congregation church for several months past. Mrs. Harbutt recently underwent a capital operation, and her physicians gave their consent Wednesday for her to leave—Press Democrat.

Mrs. A. B. Champlin, mother of Chas. Champlin, dairyman of the Petaluma road, has been very ill and seems to have had a return of her pneumonia trouble of last winter

Mrs. Jas. H. Vigne who has been under treatment at the French hospital in San Francisco has recovered sufficiently to return to her Sonoma home and is now under the care of Dr. A. M. Thomson.

G. S. Harris, Miss Janette Cooper and Miss Dakan motored to the Sacramento Valley this week to spend Thanksgiving with Mr. Harris' daughter, Janette and family.

CLERK GETS JUDGMENT OF $252 FROM BROTHER-IN-LAW

Judge Lester Small had the unpleasant task Friday of last week of untangling the troubles of Herman Winoker and his brother-in-law, Sam Hersch, erstwhile proprietor of Sonoma's Economy department store.

He solved the knotty problem of Winoker's deal with Hersch by finding judgment for the former in the sum of $252.42 the sum sought to be recovered for services plus the cost of suit. Judge Small is a calm adjudicator and usually tries cases with serenity, neatness and dispatch but henceforth he will shy off from the duties of hearing family troubles aired in his court.

The Winoker-Hersch proceedings were stormy ones and early in the preliminaries the Judge saw the storm signals and tried to quell the trouble but the barometer kept falling until a real storm of the home brew variety was on for fair in his court room. Hersch who is a cut and slash croesus of the San Francisco merchandising world had hired his sister Rose and her husband Herman Winoker to clerk for him. After some weeks they asked to be paid but Hersh claiming they owed him money refused to come through Then the parties to the dispute went to court, Winoker retaining Attorney Cowgill and Hersch hiring Wm. F. Cowan of Santa Rosa to sustain his contention that he had a counter claim against Winoker.

Lawyers, clients and witnesses were all at high tension at the hearing Friday. The learned counsel for the plaintiff just recovering from the gout was somewhat irascible, the defendant's noted Santa Rosa legal light having just traveled the Santa Rosa-Sonoma ruts and bumps was decidedly out of sorts, plaintiff's wife the center of the domestic and business tangle was on the verge of tears, the Winoker infant cried out in open protest, Hersch was hectic, Winoker wan but determined and Myrtle Kellogg, the beautiful cloak model the one bright spot in the whole court picture.

The opposing factions including the women had frequent spats and tongue battles during the progress of the case and Constable Murray was forced to pace the corridor with one of the female belligerants in order to calm her frame of mind.

Judge Small listened patiently to the testimony and throughout the afternoon sought to conciliate frequent clashes between counsel until Attorney Cowgill intimated that perjury was being committed by the defense whereupon there was almost a fisticuff battle. The Judge then took a hand in the matter and threatened to fine someone for contempt of court if there was further belligerancy. Quiet was thereby restored and the case proceeded to the point where Judge Small announced he would take the evidence under advisement.

Judgment was rendered in favor of Winoker on Monday.

G. Fava's market has been much improved in appearance by the addition of a fine plate glass window which displayed his Thanksgiving fruits and vegetables to perfection.

Mrs. T. J. Spencer of Southern California is visiting old Sonoma friends. Mrs. Spencer was formerly Miss Flora Vollmer, one of the belles of the eighties. Her mother who will be remembered as a pioneer Schellville resident lives with her daughter down south.

Julius Fochetti Jr. attended the wedding of his sister Wilemina Marie Delph and Wm. Haley at Berkeley last Sunday.

Miss Anna Bolin who is now making her home in San Francisco is taking a course at Heald's Business College.

J. F. Prestwood and family motored to Guerneville Thursday where they spent Thanksgiving with relatives.

Misss Minnie Cook, the veteran primary teacher was confined to her home last week with a severe attack of lumbago. Mrs. Ralph Hotz substituted for her.

Mrs. Ralph Murphy and her mother Mrs. R. B. Thomas have returned from a pleasant visit to San Francisco and San Jose.

JUDGE JUSTI TIED THE KNOT

Judge Leopold Justi tied the knot last Saturday which united J. Bolin of El Verano and Mrs. Niquet in the bonds of matrimony.

Bolin who is a prominent poultryman has been married twice before and his bride who is a widow wit San Francisco property has had previous matrimonial ventures also.

The couple were heartily felicitated by the genial magistrate of Glen Ellen and went on their way smiling after the ceermony.

TOURING CAR WRECKED AND LEFT IN DITCH

A big touring car was wrecked and abandoned during the early hours of Tuesday morning at the Baccala corner between here and El Verano where the machine hit a tree at the curve and was badly damaged. The car proved to be the property of St. Vincents school near San Rafael and was taken from the garage there by some former inmates of the institution so officers believe.

St. Vincents was communicated with and came up for the missing machine Wednesday.

Although the valley was scoured by officers in an effort to connect someone with the wreck, no suspicious characters could be located and no suspects taken into custody.

NEW COMPLAINT FILED IN BRUNS LIBEL SUIT

A second amended complaint was filed yesterday in the $10,000 libel suit of George Bruns against Michael A. Bohlig, growing out of the publication in the Sonoma Expositor-Forum, February 28, 1920 of a communication by the defendant which the plaintiff alleges is libelous and defamatory to his character. The article was the outgrowth of local gossip following the filing of a divorce suit by the plaintiff charging his wife with desertion.—Santa Rosa Republican.

FARM BUREAU WILL ENDEAVOR TO SECURE WEATHER BUREAU

The Sonoma County Farm Bureau, through its Horticultural Department, is making a concerted movement to secure a branch of the U. S. Weather Bureau for Sonoma County. Many growers still remember with regret the losses to their prune crops from the untimely rains of 1912 and 1918, most of which could have been averted had they had adequate warning, if only of a few hours. Weather forecasts for the San Francisco region are of comparatively slight value to Sonoma County orchardists due to the different conditions prevailing here.

A special sub committee of the Horticultural Department headed by Mr. George Duvander, met with Congressman Lea in the Farm Advisor's office, Court House, last Saturday, to secure his aid in presenting the matter adequately to the Weather Bureau at Washington on his return, which he primised to do. Mr. Geo. P. Dillman, Mr. Sheridan W. Baker, and Mr. George Duvander were also in attendance at this meeting and urged this movement as one of the most important ones for the benefit of the fruit growers of Sonoma County that could possible be inaugurated by the Farm Bureau. At the suggestion of Congressman Lea, this committee is securing first hand information from growers of the county as to the losses incurred in the last few years which might have been prevented had they had adequate warning of impending rains.

"for clean oil in a clean engine"

Inside facts on a dirty job!

YOUR ENGINE requires an internal bath frequently. Road dust, carbon from the combustion chamber, and fine particles of metal worn from the bearing surfaces get into the lubricating oil in the crankcase. All this dirt circulates with the oil through the engine. If it isn't drained out regularly there's bound to be excessive wear and tear.

Gasoline also escapes past the pistons and dilutes the oil.

Modern Crankcase Cleaning Service gets rid of the dirty, diluted oil, flushes the crankcase thoroughly and refills with clean, fresh oil.

The garages listed below are now equipped to perform this needed service quickly and for a nominal charge. We use Calol Flushing Oil, which cleanses thoroughly without danger of contaminating the fresh Zerolene refilled into the cleaned crankcase.

TODAY: Bring in your car for Modern Crankcase Cleaning Service. It will result in better engine performance and longer life for your car.
